

I am shocked that our democracy would tolerate the behaviour of Sinclair Broadcasting airing a smear piece on John Kerry. This is the type of behavior President Milosevic used to incite the Serbs to attack the Bosnians in the 90's. He had control of all media in Serbia, and what is going on in this Country is similar, please stop the corruption of our media.

I worked in Bosnia during that war and watched with horror at how the public was manipulated and searched desperately for the truth about what was happening in their country. As our friends there reminded us often, "the first casualty in a war is the truth." We can not risk that here in America.

The public is sick and tired of hearing about Viet Nam, we want to hear about now, and what our future holds. This broadcast is a disservice to all the rational voices in this election.

Please stop this outrageous act of cowardice!
